

REGULATORY EXPERT SERVICES

BIOCIDE

Combining personalized services and consortium, EcoMundo supports you for all your regulatory compliance (MA, active substance dossier, transitional measures, risk assessments, ...), whether you are a manufacturer of active substances or a formulator and distributor of biocidal products.

OUR ADDED VALUES

1. Biocide expertise
2. Transparency on the costs
3. Close to the clients

Compliance

- Transitional period (all EU countries)
- Biocidal product authorisation dossier
- BPF dossier
- Product assessment risk

Biocides consortia

- Accelerate time-to-market
- Reduce costs
- Reduce risks
- Transparency

Strategic guidance

- Regulatory diagnosis
- Regulatory strategy and supports

About us

Ecomundo brings worldwide regulatory expertise through expert consulting and advanced cloud software solutions to secure products and accelerate their time-to-market.

Why Choose us

- ✓ We prioritise the obligation to protect human health and environment.
- ✓ We work on the properties of hazardous chemicals. We provide a rigorous and unbiased scientific perspective.
- ✓ We are indebted to our customers and users of the products they market for providing them accurate and complete information.
